What FREE* means

Your society does not pay upfront installation cost. Bright Roof installs, owns, operates, and maintains the rooftop solar system. Your society pays only for solar electricity under the agreement, with a starting proposal of 10% saving against the agreed electricity-tariff benchmark.

● Free installation*

No upfront installation payment by the society.

● Owned and maintained by Bright Roof

We handle operation, cleaning, monitoring, and repairs.

● 10% starting saving

Against the agreed electricity-tariff benchmark.

● Simple first step

Share bills and allow rooftop/electrical-room survey.
